

**Terminal Range Declaration for a WISE contactless kernel****Terminal Range Declaration date** 06/10/2020**Terminal Range Request Reference** : ING-2020\_095**Vendor :**Ingenico Terminals SAS,  
9 Avenue de la Gare  
26300 ALIXAN  
FRANCE**Vendor Representative** : David Salmon

The Vendor, Ingenico Terminals SAS, declares that, due to their common characteristics (Operating system, Reader module, architecture) the terminals listed hereafter and implementing the certified WISE kernel Wise version 010100 (certification letter number ING.KER.222.200807 dated 16 September 2020) behave in compliance with WISE kernel specifications 2.2.2, and allow to support the same implementation options.

As such the Vendor requests that the terminals listed hereafter and constituting a terminal range are added as an appendix to the certification letter ING.KER.222.200807 dated 16 September 2020

**Reference of the implemented certified kernel:**

Certificate Number:	ING.KER.222.200807
Kernel Technical Name & Version:	Wise version 010100
Certified with the following Terminal :	Tested with Telium TETRA model Move/3500-CL2

**Common characteristics:**

Terminal Range :	Telium TETRA family
OS:	Proprietary - Telium Version
OS version	3
Entry Point Reader :	T3.EMV.EP
Entry Point Reader version:	version 030500 (or higher)
Terminal Type:	22
